About Pennywort Limited

Pennywort Limited is a Kerala-based manufacturing and global supply company with strong roots in India's textile, apparel, and natural product ecosystem. The company originally began its journey in 2012 as a growing manufacturing and sourcing business and was renovated and restructured into a Public Limited Company in 2025, marking a major milestone in its expansion and global vision.

Headquartered in Adimali, Idukki, Kerala, the company combines India's manufacturing strength, Kerala's heritage, and international market demand to deliver reliable, scalable, and export-ready solutions.

Our Journey

Since 2012, Pennywort has steadily built long-term relationships with India's largest manufacturers and production partners, enabling the company to grow from a regional manufacturing network into a globally capable supply partner.

The transformation into a Public Limited Company in 2025 reflects:

- Strong business growth
- Expanded infrastructure and partnerships
- Increased global ambitions
- Commitment to transparency and long-term scalability

What We Do

Pennywort Limited focuses on large-scale manufacturing, sourcing, and global supply of high-quality products made in India. Through its extensive industry network, the company provides reliable solutions for bulk orders, private labels, institutional buyers, and international markets.

Key capabilities include:

- Industrial and corporate apparel manufacturing
- Technical textiles and protective products
- Fashion and custom garment production
- Plantation and natural product sourcing from Kerala
- Bulk export and global supply chain management

Our Strengths

Strong
Manufacturing
Network

Pennywort maintains close partnerships with some of India's largest textile and production facilities, ensuring:

- Large-volume capacity
- Consistent quality
- Competitive pricing
- Reliable delivery timelines

Kerala Origin Advantage

Being based in Kerala gives access to:

- Skilled textile and garment workforce
- World-famous plantation products
- Export-focused logistics and infrastructure

Global Supply Capability

The company is equipped to serve:

- International buyers
- Private label brands
- Corporate and institutional clients
- Large bulk orders worldwide

Vision

To become a globally trusted Indian company delivering quality products through strong manufacturing partnerships and ethical business practices.

Mission

To build long-term global relationships by offering dependable production, competitive pricing, and scalable supply solutions from India.

Pennywort Limited represents over a decade of growth, partnerships and experience—now strengthened with its Public Limited status and global outlook

Pennywort Limited Technical Fabric Division

The Architecture of Protection. The Future of Indian Manufacturing. At Pennywort Limited, we don't just manufacture garments; we engineer safety. As India's premier contract manufacturer, we bridge the gap between world-class technical textile innovation and large-scale industrial demand. Why Pennywort? The Power of Unlimited Scale We have redefined what it means to be a manufacturing partner. By integrating the strengths of India's industrial giants with our own specialized expertise, we offer a production ecosystem that is truly borderless.

- ▮ Unlimited Production Capacity: Our unique strategic linkages with India's biggest manufacturers mean your order size is never a constraint. From small specialized batches to massive industrial rollouts, we deliver without compromise.
- ▮ Precision Timelines: In the world of industrial safety, delays are risks. Our streamlined supply chain ensures that your timelines are met with military precision.
- ▮ The Hub of Indian Clothing: We are more than a division; we are the future nerve center of the Indian garment industry.

Our Specialized Product Range

We specialize in high-performance garments designed for the most demanding environments on Earth.

pennywort.in

01 Flame Resistant Clothing (FRC)

Our FRC line is engineered to provide a thermal buffer between the wearer and the hazard. Using advanced fiber blends, we ensure protection that doesn't wash out or wear away.

02 Inherent Flame Resistance (IFR)

For maximum security, our IFR fabrics are crafted from fibers that are naturally resistant to heat and flame. These garments provide lifelong protection, breathable comfort, and superior durability.

03 Industrial Coveralls & Workwear

- ▮ Ergonomic Design: Engineered for movement and utility.
- ▮ Multi-Hazard Protection: Options for anti-static, chemical splash and high-visibility requirements.
- ▮ Reinforced Durability: Built to withstand the rigors of heavy industry oil & gas and electrical utility work.

India's Manufacturing Powerhouse

Pennywort Limited is the vital link in the Indian textile chain. By leveraging our massive network, we provide our clients with:

- ▮ Local Expertise, Global Standards: Harnessing India's best manufacturing talent.
- ▮ Cost-Efficiency: Massive scale translates to competitive pricing for our partners.
- ▮ Strategic Reliability: We handle the complexity so you can focus on your business.

The future of the Indian textile industry is being built here. We are the main point of Indian clothing business, and we invite you to grow with us.

Our Quality & Compliance Framework

Safety is not an option—it is a measurable standard. Pennywort Limited's Technical Fabric Division operates under a rigorous certification regime to ensure every garment protects the life of the wearer.

Flame Resistance & Thermal Protection

We adhere to the global benchmarks for heat and flame protection

- ▮ NFPA 2112: Standard on Flame-Resistant Garments for Protection of Industrial Personnel Against Flash Fire.
- ▮ EN ISO 11612: International standard for clothing to protect against heat and flame.
- ▮ ASTM F1506: Performance specification for flame-resistant and electric arc-rated protective clothing.

Electrical & Arc Flash Safety

For utility and power sector clients our IFR garments meet:

- IEC 61482-2: Protection against the thermal hazards of an electric arc.
- NFPA 70E: Standard for Electrical Safety in the Workplace.

Operational & Static Control

- EN 1149-5: Electrostatic properties for explosion-hazard environments (ATEX zones)
- EN ISO 20471: High-visibility clothing standards for low-light industrial environments

Manufacturing & Ethical Excellence

As India's largest contract manufacturer our facilities and linkages are vetted for

- ISO 9001:2015: Quality Management Systems
- ISO 14001: Environmental Management Standards
- OEKO-TEX® Standard 100: Ensuring our technical fabrics are free from harmful substances.
- SA8000 / SEDEX: Demonstrating our commitment to ethical labor practices and social accountability.

The Pennywort Assurance: > Every batch of fabric undergoes rigorous lab testing for tensile strength, colorfastness, and FR property retention after multiple industrial washes. We don't just meet the timeline we exceed the standard.

Life Wear Division

WE KNOW FASHION

pennywort.in

About Us

At Pennywort Limited – Life Wear Division, we bring everyday fashion to life. With 14 years of industry experience, we have grown into a trusted name in lifestyle apparel, blending comfort, innovation, and style into garments people love to wear every day.

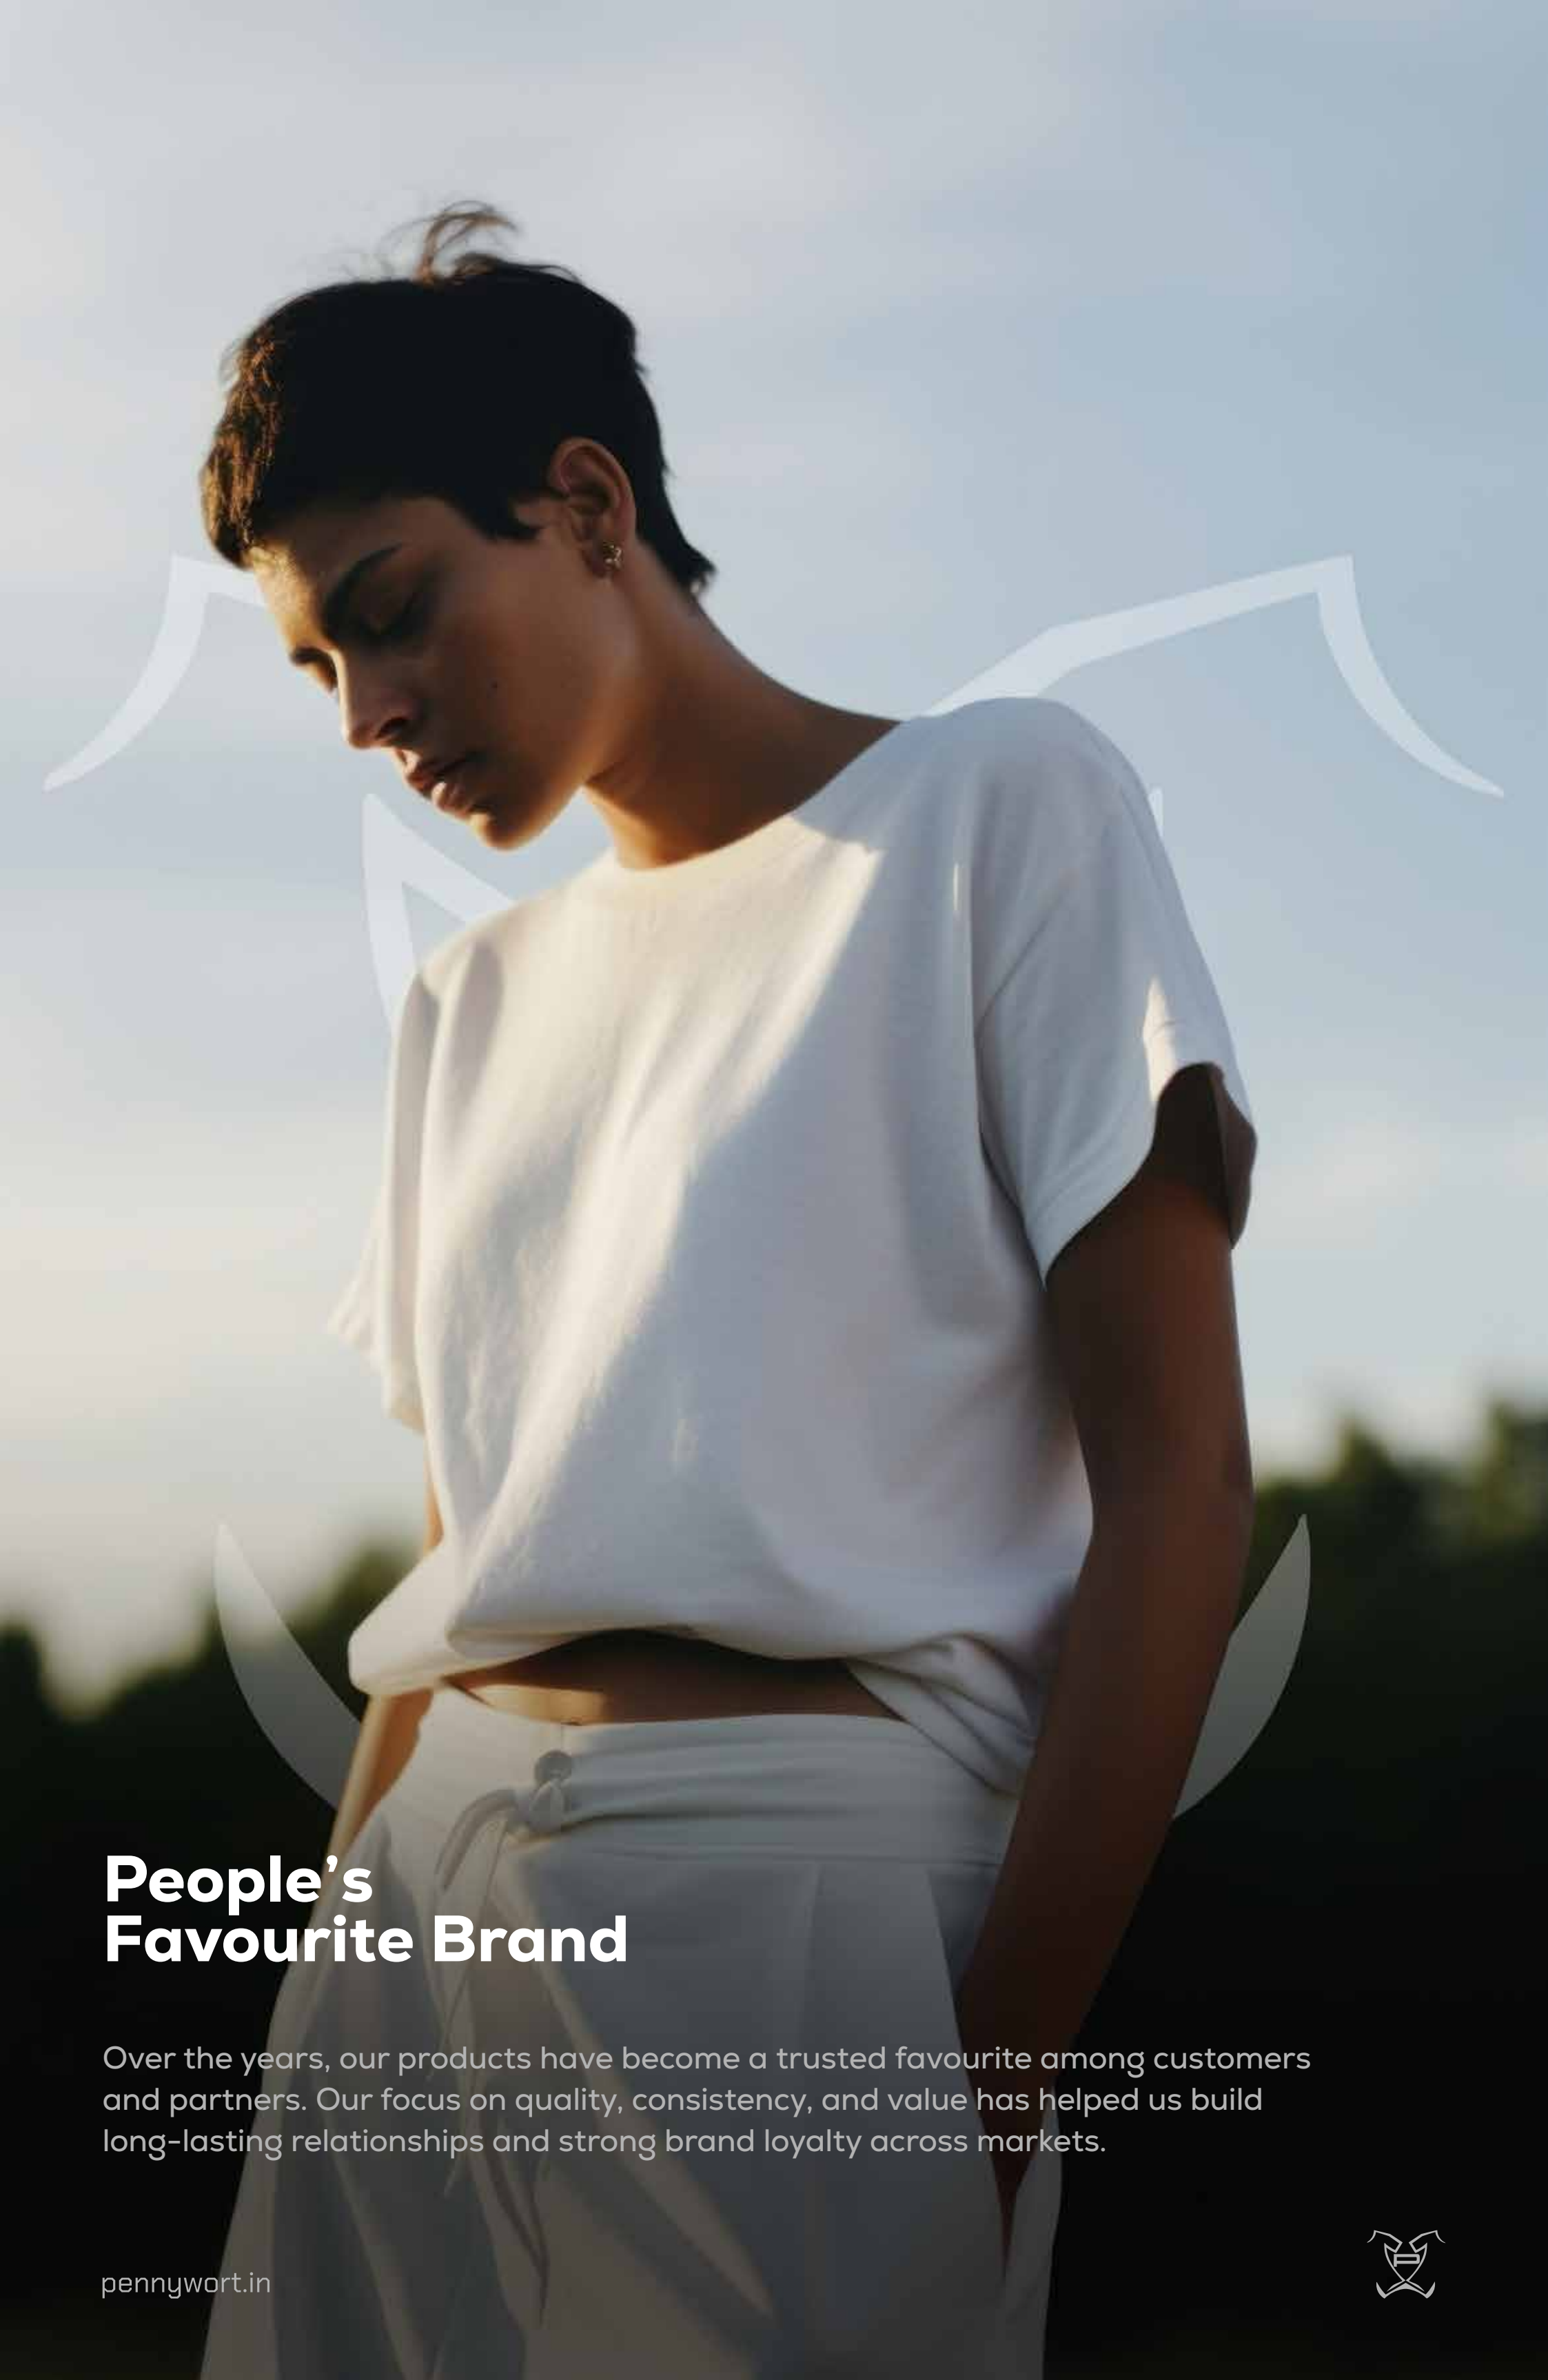

Born in the vibrant state of Kerala, our roots inspire our craftsmanship. From tropical climate understanding to global fashion sensibilities, we design and manufacture clothing that perfectly balances durability, comfort, and trend.

Our Philosophy

Fashion is not just what you wear – it's how you live. Our Life Wear Division focuses on daily lifestyle clothing that fits seamlessly into modern life. Whether at work, travel, leisure, or home, our garments are designed to move with you. We don't just follow trends. We understand them. We create them. That's why our promise remains simple: We Know Fashion.

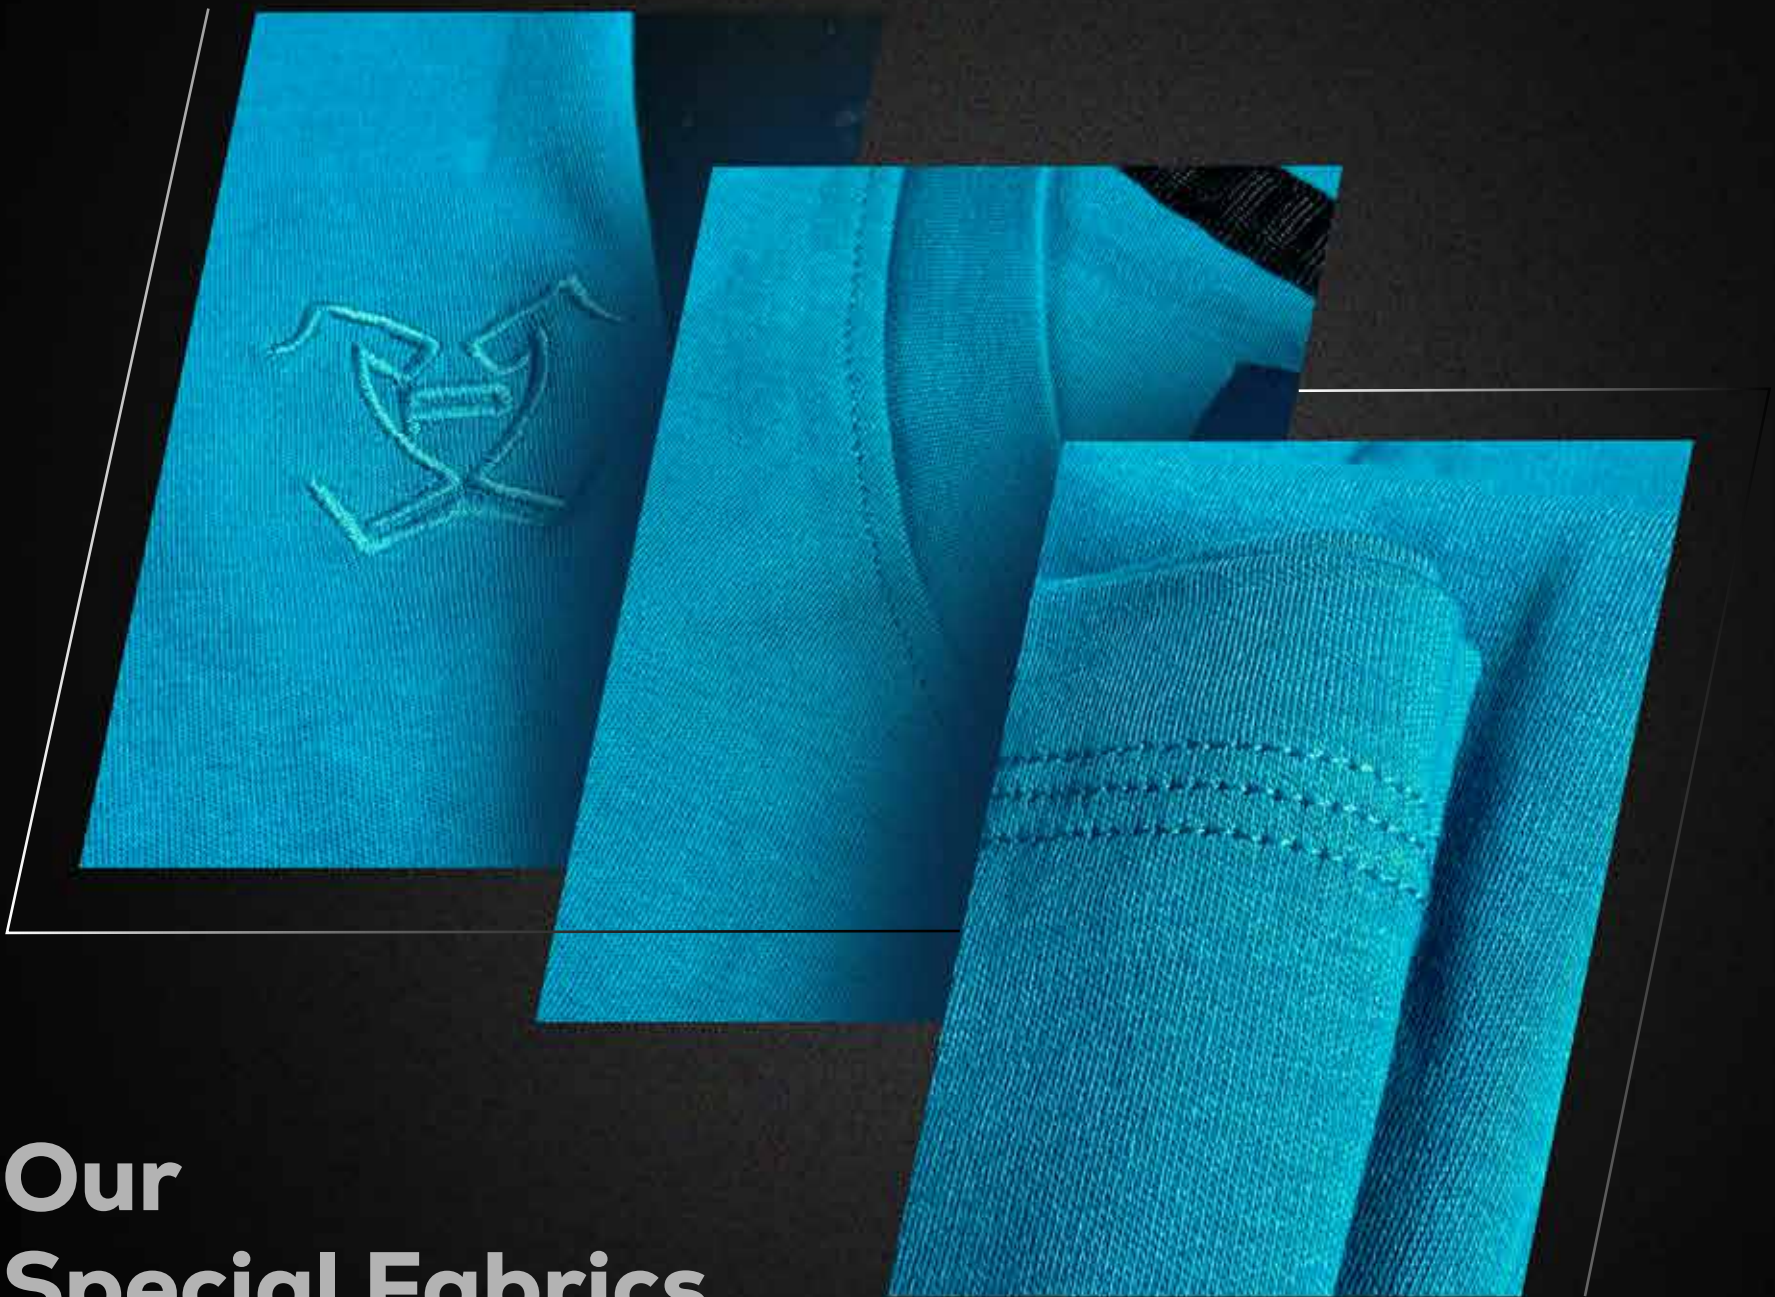

People's Favourite Brand

Over the years, our products have become a trusted favourite among customers and partners. Our focus on quality, consistency, and value has helped us build long-lasting relationships and strong brand loyalty across markets.

Why Customers Love Us

- ✔ Reliable quality in every piece
- ✔ Fashion-forward yet practical designs
- ✔ Comfortable wear for everyday life
- ✔ Consistent sizing and finish
- ✔ Excellent value for money

Our Special Fabrics

Fabric is the heart of Life Wear. We carefully source and develop materials that offer the perfect combination of comfort, performance, and durability.

Our fabric expertise includes:

Premium Cotton Blends

- ✔ Breathable and skin-friendly
- ✔ Ideal for tropical and all-season wear
- ✔ Long-lasting color retention

Stretch Comfort Fabrics

- ▮ Cotton-Spandex blends for flexibility
- ▮ Shape retention after multiple washes
- ▮ Perfect for active everyday lifestyles

Performance Poly Blends

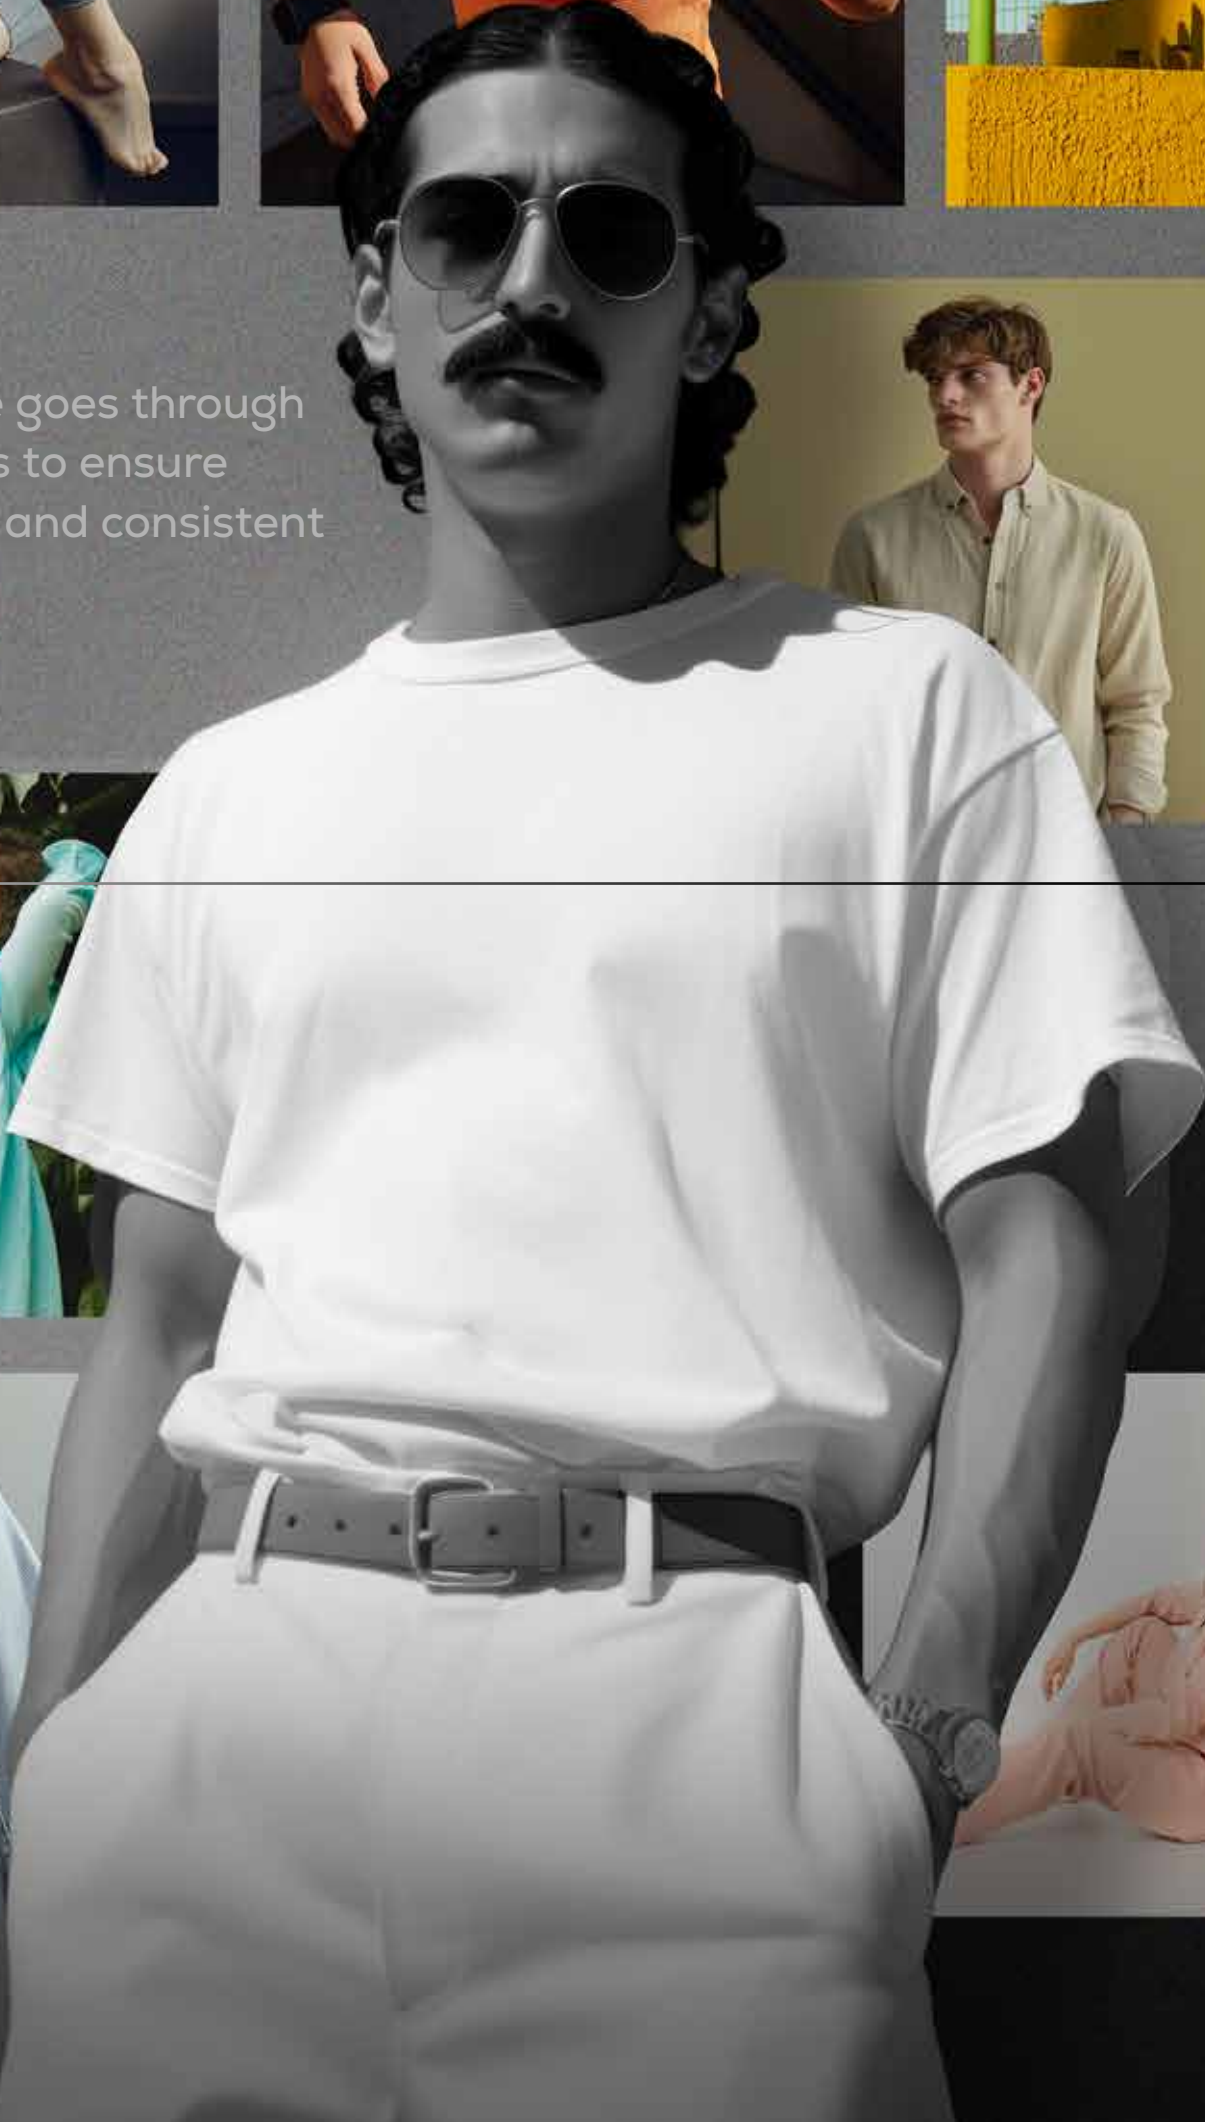

- ▮ Lightweight and wrinkle-resistant
- ▮ Quick-drying and easy maintenance
- ▮ Ideal for travel and daily use

Sustainable & Eco-conscious Materials

- ▮ Reduced environmental impact
- ▮ Responsible sourcing practices
- ▮ Future-ready fashion manufacturing

Every fabric we use goes through strict quality checks to ensure comfort, durability, and consistent performance.

14 Of Manufacturing Years Excellence

Our journey is built on experience, innovation and trust. What 14 years have taught us:

- ▮ Precision manufacturing processes
- ▮ Strong vendor and supply chain network
- ▮ Scalable production capacity
- ▮ International quality standards
- ▮ Continuous product development

From concept to finished garment, we ensure every step meets the highest quality benchmarks.

What We Offer **The Life Wear Division specializes in**

- ▮ Casual & lifestyle apparel
- ▮ Everyday workwear fashion
- ▮ Travel-friendly clothing
- ▮ Custom-designed collections
- ▮ Private label manufacturing

We partner with brands, businesses, and retailers to bring ideas to wearable reality.

Our Promise

We combine Kerala craftsmanship, global standards, and modern fashion insight to create clothing people truly enjoy wearing.
Pennywort Limited – Life Wear Division Comfort. Quality.
Everyday Fashion. We Know Fashion.

At PW Essentials, we bring the soul of Indian agriculture to the global stage. Headquartered in the heart of Kerala's spice-growing highlands, we serve as a premier contract manufacturer and strategic export partner for the world's most demanding food and beverage markets. We bridge the gap between traditional Indian farming and modern global retail, ensuring that every grain of spice and every leaf of tea meets world-class safety and quality benchmarks. Our Core Product Lines

01 Premium Spices

From the "Spice Garden of the World," we source and process export-grade whole and powdered spices.

- ▮ The Jewels of Kerala: Premium Cardamom (Alleppey Green) Black Pepper (Tellicherry Extra Bold) and high-curcumin Turmeric.
- ▮ Specialized Blends: Custom-formulated Masalas and Curry Powders for international retail.

02 Hand-Selected Coffee

Sourced from high-altitude estates in the Western Ghats.

- ▮ Arabica & Robusta: Available as green beans, roasted beans, or ground coffee.
- ▮ Traceable Sourcing: Ensuring every batch carries the unique profile of its origin.

03 Orthodox & CTC Tea

Capturing the brisk, bold character of Indian tea

- ▮ High-Range Sourcing: From premium estates in Munnar and beyond.
- ▮ Bulk & Retail Ready: Flexible packaging solutions for global tea brands.

Global Compliance & Certifications

To ensure PW Essentials products are ready for markets like the UK, Japan, and the USA, we maintain a comprehensive suite of domestic and international certifications: Domestic Regulatory Excellence

- ▮ Spices Board of India (CRES): Mandatory Certificate of Registration as an Exporter of Spices.
- ▮ Tea Board & Coffee Board of India: Registered RCMC (Registration cum-Membership Certificate) holder.
- ▮ FSSAI (Central License): Compliance with the Food Safety and Standards Authority of India for 100% Export Oriented Units.
- ▮ IEC (Import Export Code): Authorized by the DGFT for seamless global trade.

International Safety & Quality Standards

- ✎ ISO 22000 / FSSC 22000: Our Food Safety Management System is recognized by the GFSI (Global Food Safety Initiative), meeting the entry requirements for top-tier global retailers.
- ✎ HACCP: Rigorous "Hazard Analysis and Critical Control Points" implementation to eliminate contamination risks.
- ✎ Phytosanitary Certification: Ensuring all plant-based exports meet the stringent health and pest-control standards of the importing country.
- ✎ Organic & Ethical: Capabilities for USDA Organic, India Organic (NPOP) and Fairtrade certifications for specialized luxury markets.

The Pennywort Advantage

- ✎ Unlimited Capacity: As one of India's most connected contract manufacturers our production lines are built for scale. Whether it's a single container or a year-long supply contract, we deliver without interruption.
- ✎ Direct Linkages: We maintain deep structural ties with India's largest growers and processors, giving us a "first-pick" advantage on quality.
- ✎ Precision Timelines: Our logistics network is optimized for speed, ensuring that fresh produce reaches international ports exactly when scheduled.
- ✎ The Center of Indian Trade: PW Essentials is rapidly becoming the primary point of contact for international buyers seeking a reliable, high-volume gateway into the Indian spice and beverage market.

The future of Indian agriculture is not just in the soil—it's in the standard.
With PW Essentials, the best of India is now accessible to the world
